

HHS World Studies

Geography: Regional Map Activity-3

Name: _____

Period: _____ Date: _____

Skills: Reading maps, identifying countries.

Direction: Below is a list of countries separated by region. You have also been provided with maps of each region. Each map has selected countries numbered. You need to identify the country by number. You then need to label the map key provided on each map with the correct country identification and then color each of the countries you labeled.

(There are spaces located next to each country name so you can check it off as you go!)

An example has been done for you. See "The United States of America"
